

Parents/Students: We are collecting our Student/Parent Contact Information online this year. Please copy (or click) the URL address below to go to the Google Form and enter your information so that we can keep you informed regarding all of the important Chorus events this school year. Hopefully, collecting this information now will allow less repeated data collection later in the year!

(If you do not have access to a computer, paper copies of this form are available. Contact Mr. Bowden for more info!)

Thank you for help in this matter!
